KOHLER®

Versatile Range

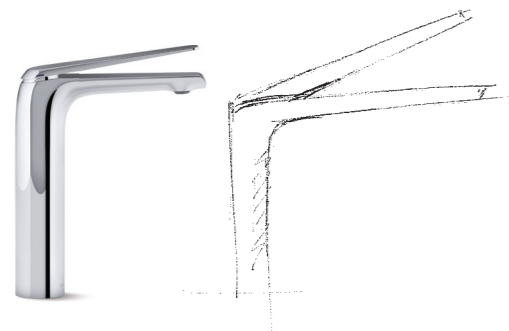

A complete faucet line has been designed to allow for maximum flexibility when planning the bathroom space.

From compact deck-mount faucets to wall-mount models that complement vessel-style lavatories, as well as single-handle and widespread options, the Avid faucet collection provides endless design opportunities.

The Sensuous Side of Simple

Evolving the minimalist design ethos, the Avid faucet collection marries art of simplicity with dynamic sensibility. Slender arcs, smooth planes, arresting angles – each detail is designed to be encountered. Each element an essential part of the whole. Avid brings clarity and comfort to modern interiors. A full faucet, accessory, showering and bathing collection, Avid delivers design flexibility and accommodates most contemporary spaces.

Purposeful Design

Avid brings emotional connection and sensitivity to minimalism without slipping into embellishment or cliché. The design's inviting, somewhat feminine, form pairs painstaking simplicity with sensory comfort.

Single Control Faucets

(Three single control heights provide versatility in a memorable design.)
