OUR MISSION: GRACIOUS LIVING

Since 1873™

KOHLER®

Welcome to Kohler Company. Born in the USA over 145 years ago, we are a global leader in the kitchen & bathroom industry.

We are present on all continents with 50 manufacturing facilities, 30,000 staff and thousands of patents to our name. Four design centers on three continents with designers from various countries and backgrounds help us to be truly global while respecting local tastes and preferences.

Kohler Co. sets the standards of excellence and pushes the limits of design throughout the world. Whether we are creating kitchen and bath products, tile and furniture collections, engines and generators or luxury hotels and resorts to championship golf courses, our work is born from a desire to design experiences that make the world more gracious.

Over the years we have created and acquired an impressive portfolio of brand of which a few are presented in this brochure.

KOHLER®

Historic Milestones

2011
Numi,
Kohler Most Advanced Toilet
Numi Intelligent Toilet is launched in Asia and worldwide.

2012
Celebrate 10 Years
Kohler Thailand
Celebrating the 10th anniversary of Kohler Thailand.

1883
World's First Cast Iron Bathtub
Pioneering advancement by Kohler sees first- ever 'manger' cast iron bathtub.

2013
Kohler Celebrates 140th Anniversary
Kohler Co. celebrates 140 years of cutting-edge design and innovations.

2014
Kelston Series Debuts,
Luxury Collection
A combination of classic and modern design. Living on the edge of design and technology.

1967
The Bold Look of Kohler
Advertising Manager Armond "Bud" Grube, along with Charles Pagnucco and Alfred Ellrodt, developed the concept of boldly colored products under the tagline THE BOLD LOOK OF KOHLER®.

1985
Introduction of Artist Editions
The juice glasses we use every morning to the sideboard that holds our table linens, the objects we choose for our homes reflect who we are and narrate the rhythm and texture of our lives. Balancing artistry and craftsmanship with utility, Artist Editions products invite you to celebrate beauty and creativity each day.

2015
Global Launch of Veil
Intelligent Toilet
Veil Intelligent Toilet combines stunning good looks and state-of-the-art technology. Since its introduction it made waves around the world and is a big hit with designers, architects and consumers alike.

2016
Avid and Composed
Faucet Series
Classical and modern design are elevated to a new height of innovation and refinement.

2002
Kohler Thailand
Kohler Co. acquires Karat, which makes vitreous china products in Thailand for customers worldwide.

2008
Kohler with
WaterSense® Award
The U.S. Environmental Protection Agency presents Kohler with its first watersense® award. Kohler has received every year since 2008.

2017
The first KEC opened
in New York City
Kohler Co. reinvents its approach to global retail with the launch of Kohler Experience Centers. Created to serve the fast-growing segment of design professionals working on projects around the world and to offer consumers on-site product immersion, the new retail concept will make it easier than ever to experience and buy KOHLER products.

2018
Welcome to Kohler United
Kohler signs on as new principal partner of Manchester United.

THE BOLD LOOK OF **KOHLER**®

Living on the Leading Edge of Design and Technology

From products that perfectly combine design and technology to overall kitchen and bathroom solutions, KOHLER brings a gracious living to every customer

A singular level of exceptional quality. It's the guiding principle that Kohler Co. has been founded upon. Because of this commitment, we are constantly making breakthroughs, from single sanitary products to overall kitchen and bathroom solutions. KOHLER continuously enriches its product line, integrating outstanding design, innovative technology and creative artistic inspiration. KOHLER has long been one of the most recognized brands around the world. In 2016, Fortune Magazine named Kohler one of the "25 Most Important Private Companies," citing KOHLER'S "highly influential" impact on kitchen and bath design.

Bathroom Suites

Meticulously designed as complete, integrated, yet customizable solutions, KOHLER suites allow you to easily achieve a unified look in your bathroom. By coordinating fixtures, faucets and accessories, while still offering you many customized options, KOHLER suites provide a perfect balance of form and function.

Tresham Suite

American lifestyle is endlessly self-reflexive and paradoxical. Seriously playful. Carefully disorganized. It is steeped in the traditions of classic Americana while embracing a modern eclectic sensibility. Life. With a twist. Tresham vanities, toilets, lavatories and shower bases bring this playful eccentricity, this eclectic elegance, to the American bathroom. Go live your life. With a twist.

Once in a great while,
something new comes along
that makes you wonder how
you ever lived without it.

Offering superior comfort and cleaning, intelligent toilets
simply deliver a better experience, top to bottom. From
heated seats and warm-water cleansing to automated
flushing and more, our intelligent toilets help redefine one
of life's most basic rituals.

Get ready to wonder again.

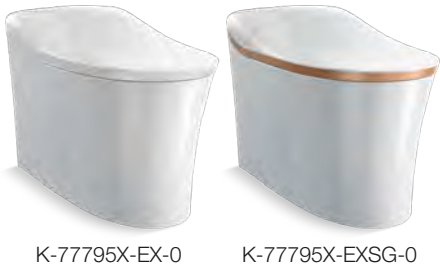

EirTM

Clean by Design.

New/Arrival

Eir
Intelligent Toilet
K-77795X-EX-0 (White)
K-77795X-EXSG-0 (Sunrise Gold)
• Overall dimensions 700 x 523 x 418 mm
• Elongated bowl
• Dual Flush system 3/3.8 liter per flush

EirTM

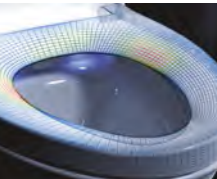

Eir, KOHLER's new intelligent toilet, embodies beauty and innovation. Installable against the wall and available with S-trap or P-trap for different installation and low water pressure environments. The Eir water filtration system purifies water sprayed from the wand onto the body, removing impurities, residual chlorine and heavy metals for a healthier bidet experience. A one-click sanitizer button activates both Electrolyzed water and UV light functions to clean the toilet's bowl and wand, ensuring unparalleled hygiene.

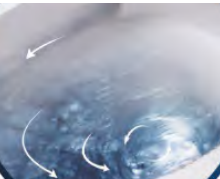

• Wireless LCD with touch button remote control

• Water Filtration. Filtering the water also protects the bidet system against clogging from sediment and mineral build up

• French Curve seat with Silver Ion Anti- Bacterial Technology offers enhanced comfort and hygiene

• 360° powerful rim washing. Covers the whole inner bowl, ensuring there is no place for dirty and germs to remain

• Create a strong siphon for an efficient flush

• Various water stream experience i.e. front wash, rear wash and pulsating wash

KOHLER®

C³ Smart Seats

Cleanliness • Comfort • Convenience

C³ Smart Seats

Cleaning pioneer gives personal care.

Cleanliness, Comfort, Convenience — these design properties of the KOHLER® C³ toilet seat bring a safe and reliable personal experience to every user. A warm seat gives you a comfortable experience every time you sit on it. A soothing water flow takes good care of the most private parts of your body. Start a brand-new lifestyle by selecting the 3 C's for your bathroom.

UV-enhanced disinfection.

Wand Sanitization

The ultraviolet disinfection system can effectively eliminate 99.9% of bacteria* on the wand, ensuring the cleanliness of the nozzle. This system can intelligently identify the bacteria peak time based on user habit, convenient and safe.

**In a 45-minute test by authority of sanitization of the wand against Escherichia coli, Staphylococcus aureus, Pseudomonas aeruginosa, and Bacillus subtilis, the disinfection rate is >99.9%.*

Quick heating system.

Quick Heating System

With a continuous supply of heated water, you can enjoy a comfortable warm wash with each use. Bacteria growth is effectively reduced as fresh water is heated on demand rather than being heated and stored in advance.

Ergonomical side panel.

Ergonomical Side Panel

With Kohler's unique one-piece side panel design, the control panel is lifted together with the toilet seat, effectively preventing urine splashes on the toilet seat and control panel. The design allows you to use it easily without turning around.

The color and shine of the product shown in the picture may differ from the actual product due to printing.

 - Ceramic trapway
 - C³-050 Smart Seat with bidet functionality
 - Supply hose, connector, shut off valve and power cord

- C³-050**
Electronic Smart Seat
K-18751X-0
- Overall dimensions 429 x 524 x 120 mm
 - Elongated closed front seat fits most elongated toilets
 - Includes power cord, 3 way connector and water supply hoses

C³-050

Cleanliness

- Stainless steel wand with self-cleaning function before and after use

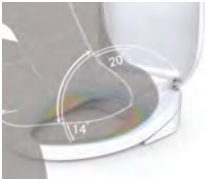

- UV-Enhanced Disinfecting Technology. UV-enhanced disinfecting ensures long-lasting hygiene. Identify disinfecting period to accommodate your individual preference

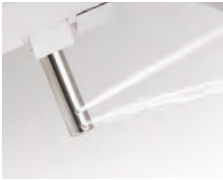

- Anti-bacterial seat with Silver Ion Anti-Bacterial Technology

Comfort

- Ergonomically designed seat ring (Squattable angle and French Curve) can help user adjust to healthier seated position and offer enhanced comfort

- Adjustable water temperature and water pressure to accommodate personal preference

Convenience

- Ergonomical Side Panel. The control panel is lifted together with the toilet seat which allows you to use it easily without turning around

- Easy-operation Side Panel. Frequently used buttons are enlarged for easy operation

Recommended Toilets:

One-Piece Toilet
Memoirs (Stately Design) / Cimarron / Tresham / Aerodyne / Karess / Adair

Two-Piece Toilet
Reach / Ove / Wellworth Class Five / Archer / Persuade / Karess

C³-030
Manual Smart Seat
K-98804X-0

- Overall dimensions 411 x 502 x 78 mm
- Elongated closed front seat fits most elongated toilets

C³-030

Cleanliness

- Plastic Dual wands

- Self-cleaning function before and after use

Comfort

- Super Slim 78 mm height with ergonomic seat design

- Soft water spray with air bubble

Convenience

- Easy Operation with the side panel that can adjust water pressure (3 levels) to accommodate personal preference

- Adjustable hinge (135-215 mm) allows the seat to be compatible with many toilet models

- Quick-release hinge

Reach with C³-030 Smart Seat
Two-Piece Toilet

KOHLER® Toilets

Engineer for top performance...excel in designs.
Art and innovation are the signature of KOHLER with innovative flushing systems, KOHLER toilets answer to all demands of performance, comfort, water-saving, hygiene as well as the artistic designs at its best.
This is it...the Art of well Being created by KOHLER

Bold. Performance.

KOHLER® is redefining what it means to offer performance toilets to our customers. In terms of flushing power, KOHLER® makes its toilets with a variety of performance-driven technologies that deliver more than enough capability to meet any residential or commercial need. Also star performers at water conservation, KOHLER® toilets are equipped with five ecofriendly technologies that save thousands of gallons of water per fixture each year. And for additional hygiene, a variety of models are engineered to rinse the bowl completely clean with each flush. Add an extensive selection of unique colors and innovative design options and it's easy to see why KOHLER® is the global leader in performance toilets.

The 3 1/4-inch flush valve maximizes the gravity-fed water momentum that provides extraordinary performance.

Dual Flush technology is precision-engineered to maximize 3/6, 3/4.5 or 2.6/4 litres flush options that offer exceptional performance and water conservation.

Sustained swirling water helps keep the bowl clean and reduces noise.

KOHLER CLASS FIVE™

Powerful Flush

A massive 3 1/4-inch flush valve, combined with a fully glazed 2 1/8-inch trapway, delivers extraordinary bulk flushing power.

Easy Installation

Exclusive DryLock system for two-piece models reduces installation time by 40% and helps keep floor dry.

Water-Saving Options

Eco-friendly flush setting 4.2, 4.8, 3/4.2 or 3/4.8 lpf – save approximately up to 13,140 litres of water per fixture per year.* The 3 1/4-inch flush valve maximizes the gravity-fed water momentum that provides extraordinary performance.

KOHLER DUAL FLUSH

Significant Water Savings

It can help save up to an amazing 22,776 litres of water each year.

Easy-to-Clean Designs

KOHLER toilets with Dual Flush technology feature design characteristics, such as a skirted bowl, that create a streamlined aesthetic and an easy-to-clean surface.

Hygienic Bowl

The integral sanitary guard prevents liquids from collecting under the tank. Dual Flush technology is precision-engineered to maximize 3/6, 3/4.5 or 2.6/4 litres flush options that offer exceptional performance and water conservation.

KOHLER INGENIUM®

Clean Bowl

Sustained swirling water, a signature feature, rinses the bowl clean with each flush.

Quiet Performance

Precision-engineered to reduce unnecessary noise for added privacy in any bathroom.

Suites and Ensembles

Toilets featuring Ingenium technology integrate with KOHLER suites and ensembles for coordinated design appeal. Sustained swirling water helps keep the bowl clean and reduces noise.

CLASS FIVE™ Extraordinarily Powerful

KOHLER CLASS FIVE™ : Powerful flushing performance for complete waste removal

MORE POWERFUL

The high-speed water flow generated by the larger flush valve along with the additional water jet ensure extraordinary flushing and bulk removal performance to effectively prevent clogging.

WATER SAVING

Eco water consumption flushing (3/4.5 L) satisfies LEED and Green Building certifications' standards.

IMPROVED HYGIENE

The 360-degrees swirl water flush reaches the entire inner bowl for optimized cleaning performance and hygiene.

POWERFUL FLUSH

The optimized water speed and force of the Class Five 4.2L flushing system can remove more bulk waste in one flush, making the toilets virtually plug free.

CLEAN FLUSH

With a water flow rate about three times higher than the industrial standard, the innovative 3¼" canister flush valve delivers a consistent powerful flush to ensure the extraordinary bulk flushing performance.

ECO-FRIENDLY

The Class Five system saves 30% more water than the industrial standard.

KOHLER® Urinals

Leading the Way to Green Buildings.

Working towards sustainability is an ongoing journey for Kohler, and creating water-conserving products has been a key component. We have a history of looking ahead and doing all we can to ensure the future of our community, and even our world. We honor that tradition by creating a better future. Our global sustainability goal of a net zero carbon and solid waste footprint by 2035 requires committed action right now, so we are focusing our efforts in some key areas.

Steward™ Waterless Urinals by Kohler CONSERVATION. INNOVATION.™

Functional Innovation, Seamless Installation.

KOHLER® waterless urinals conserve up to 40,000 gallons of water per fixture per year compared to water-based urinals, as well as significantly reduce sewage and maintenance costs. These highly functional urinals provide outstanding performance and feature innovative, stylish characteristics that integrate a natural ellipse with an architectural feel. Their cartridge-free design means easy routine maintenance, and their touch-free operation offers increased hygiene. Additionally, their large, clean footprint simplifies installation without the need for tiling or rough-in changes. The result is an aesthetic that communicates a fresh, sleek design not found in traditional urinals.

Steward

Waterless Urinal
K-4918X-0

- Overall dimensions 381 x 397 x 752 mm.
- Includes outlet assy, sealing liquid sample, cleaner sample, screws, strainer, universal attachment bracket and hangers.

Steward S

Waterless Urinal
K-4917X-0

- Overall dimensions 279 x 375 x 603 mm.
- Includes outlet assy, sealing liquid sample, cleaner sample, strainer, and hangers

Functionality

Liquid waste passes into the fully glazed trapway through the debris-catching strainer. The unique design of the trapway slows the flow of liquid waste as it passes through the sealing liquid, ensuring that the sealing liquid isn't washed out of the trapway. Being less dense than liquid waste, the sealing liquid maintains its position at the top of the trapway, thus providing a barrier to block trapway odors. Through simple displacement, the liquid waste then makes its way into the waste pipe.

Retrofit Advantages

Due to an integrated trapway design, most wall-hung retrofit installations require no rough-in changes to the waste pipe. A universal mounting bracket will fit onto most urinal collars in the industry, allowing the installer to use the existing urinal collar in many cases. The large, clean footprint of the Steward™ waterless urinal (K-4918X) minimizes the need for aesthetic changes (tiling, painting, etc.) in a retrofit installation.

Waterless urinal must use with

- Sealing Liquid 128 Oz.

KOHLER®

Flush Valve

Engineered to ensure the peak performance and efficiency of our toilets and urinals

1. All brass construction is built to last.
2. Durable piston design for accurate flush volumes even when pressure varies.
3. ADA-compliant lever features non-hold-open design.
4. Chloramine-resistant materials eliminate the need for frequent maintenance or repairs.
5. Self-cleaning filter prevents debris from impacting flushing performance.
6. Cycle-tested to 500,000 flushes, twice the industry standard.

KOHLER[®] Bathroom Furniture

Every exquisite detail of KOHLER bathroom furniture has been thoughtfully designed and meticulously crafted to create heirloom-quality bathroom furniture. The following features and benefits ensure that each KOHLER vanity we manufacture will perform to your expectation.

Moisture-Resistance

- High-quality 'green core' moisture-resistant material; the swell rate after water absorption is less than 8%
- Flat, anti-scratch surface and wearable features. Many colors for choice
- Rust-Free Aluminum Feet: moisture-proof & anti-corrosion. It can wear well under humid environment
- Feet is height adjustable

Premium Grade Hardware

- Premium quality imported hardware from Europe; hinge meets 200,000 open-close cycles standard
- All hardware pass the 48 hours neutral salt spray test. Rust free & corrosion-resistant in humid environment
- Imported advanced damper system reduces the noise of operation and protects the cabinet surface

Eco-Friendly and Safe

- Material meet European E1 standard – formaldehyde emission < 9mg. / 100g.
- Sealed Stopper: cabinet hole is protected by sealed stopper to avoid formaldehyde releasing

Functional Storage Solution

- Functional Storage Solutions
- Each highly functional cabinet features full-extension drawers engineered to support up to 45kg. These drawers conveniently accommodate individual storage needs
- All internal shelves are fully adjustable to allow for arrangement preferences of personal items

Family Care

Complete bathroom solution for every family member.

Kohler Family Care Suite attends to the unique needs of every family member — young and old alike, with specific features designed for the safety, health and convenience of infants, children, women and seniors.

Family Care Bathroom Furniture & Mirrored Cabinet

Family Care Bathroom Furniture

With environmentally friendly materials and considerate details, Kohler creates a bathroom that truly belongs to the whole family. It is safe, easy to use and takes special care of children and elders, ensuring every family member can enjoy a relaxing and worry-free time.

New Arrival

ModernLife™ Bathroom Furniture

Kohler's ModernLife suite delivers maximum hygiene with minimum effort. ModernLife bathroom furniture's drawers also feature convenient storage modules to better organize grooming and personal care items. The plastic inner compartments of drawers are removable and made of a dust-resistant coating, allowing easier cleaning and maintenance as well as improved hygiene. The innovative CleanCoat™ applied on the lavatory's ceramic ensures liquids to bead up rather than strain the surface, preventing the growth of stains and water spots for unparalleled long lasting hygiene effectiveness.

KOHLER® Mirrored Cabinet

Quality Assurance

KOHLER Mirrored Cabinets are crafted with carefully-selected high quality anodized aluminum, a non-corrosive material highly durable against moisture and humidity. The copper-free mirrors are three times as effective against tarnishing, and the lead-free primer is safer. Even in a humid environment, the integrated electronic defogger keeps the mirror clear.

Store and Organize

KOHLER Mirrored Cabinets help you organize and keep all your daily accessories at your fingertips for quick access thanks to adjustable shelves and the wide-opening (to 170°) cabinet door. Both sides of the cabinet door are mirrored so that you can use the mirror with the door wide open. Mirror inside the door has a convenient integrated magnifying mirror. Recessed handles let you open and close without leaving smudges on the mirror.

Grooming Lighting

Integrated LED lighting transmits 3000K of even, optimally bright illumination in the truest natural color spectrum for makeup application, grooming and skin care.

New Arrival

Family Care

Every family member-men, women, children and the elderly- receive all-around care from Kohler, where your safety, health and convenience have all been carefully considered in detail

The
FINISH
is just the beginning

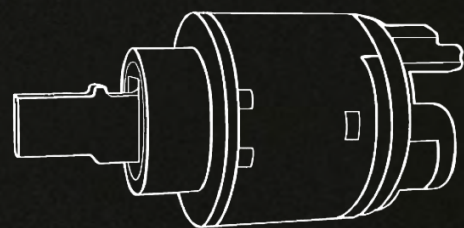

Scan for Video

At Kohler, we believe that every room tells a story and your finish is the first chapter in that story. Start with the finish you love, select a faucet that brings that finish to life and watch your story unfold.

Not all of our faucets come in the finishes on display. Please ask a showroom associate for specific details about which finishes are offered on each faucet.

KOHLER
Bathroom Faucets

Ceramic disc valves

European imported valves with extraordinary quality. Solid ceramic material ensures durable performance. Passed 1,000,000 times life cycle test without leakage*. Smooth cartridge design brings silky experience.

*Kohler Internal testing numbers for reference

Finish with confidence

Vibrant finishes, passed more than 48 hours acid salt spray test, exceeds industry standard of 24 hours. Easy-to-clean coating with unusual finish technology.

Multiple choices of aerators

7 degree adjustable aerator helps to reduce splashing; silicon material brings easy cleaning experience. Auto-clean aerator automatically removes the scales to ensure a more smooth water flow. Easy-to-change aerator, able to be changed simply with a coin. Eco flow aerator provides larger water coverage, meets the water-saving standard.*

*Water saving standard <0.1L/S

Parallel™ Collection

With precise cuts and ultra flat surfaces, Parallel faucets and accessories bring sophistication to the modern bathroom through controlled expression. The collection is deliberately minimal to work perfectly with any space. The dichotomy of round and square forms is unified by characteristic angles that deliver beautiful reflections and precise alignment. Smaller details deliver character originality and take the collection to a higher level of sophistication.

KOHLER® Bathroom Faucets CLASSIC

Artifacts™

uncover a wealth of possibilities

Combine a spout, handles and faucet finish to create a look all your own in two simple steps.

1. Choose your handle

2. Choose your finish

Vibrant Brushed Bronze
(-BV)

Oil-Rubbed Bronze
(-2BZ)

Polished Chrome
(-CP)

Artifacts™

The beauty of the Artifacts collection lies in its elegant and timeless styling. From casual to formal, Artifacts is at home in any décor –giving you the freedom to interpret the collection any way you wish. What's more, the spouts, handles and finishes match with accessories and bathing and showering components across the collection, bringing the entire room together in one complete look.

Fairfax™

Fairfax faucets bring elegance and nostalgia to the bathroom. The tall height of this Fairfax sink faucet allows it to be paired with above-counter and vessel sinks. The curved spout gives this faucet a timeless design appeal, while a lever-style handle and touch-activated drain allow you to precisely control water pressure, temperature, and drainage.

Katalyst™

Air-Induction Technology

Katalyst air-induction technology

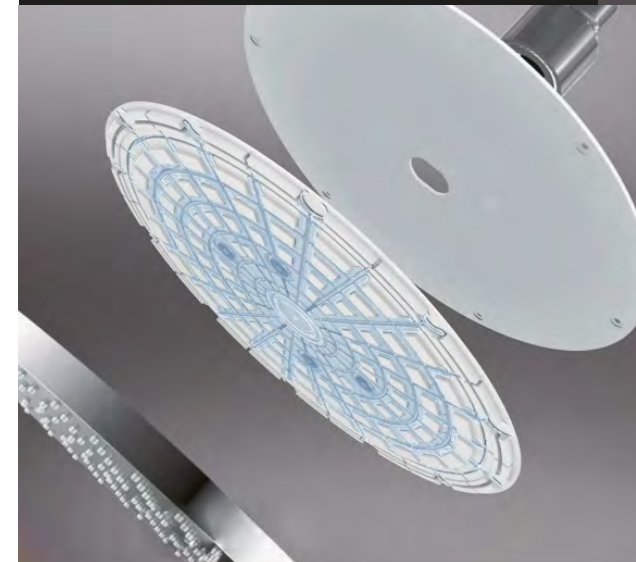

Inducting up to 50% air from the top of your showering products, effectively saves water by 50%*

* Kohler internal test for reference

Optimized nozzle design

Scientifically designed nozzle allocation with optimized water coverage and comfort to ensure the best showering experience.

1.3mm nozzle brings bigger water drops with less water by mixing in air

Advanced internal structure

Upgraded waterway distribution ensures better mixing of water and air, reducing residual water
More robust structure by adding hidden screws and reducing exposed ones on the back plate

Non-dripping design

Apart from internal structure, self-levelling technology is also applied on showerheads to reduce residual water

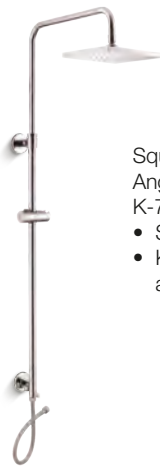

KOHLER® Shower Column

Modulo™ Valve System

Introducing Modulo™ from Kohler – a universal valve platform that makes installation easy and showers remarkable. Designed to house a variety of valve configurations, the durable casing installs easily into a range of wall types. The DZR-brass body inside ensures reliable performance you expect from Kohler. And, the entire system is completed by a collection of stylish trim options.

Modulo is not just another universal valve box.
It's the box – reinvented.

Durable
Forged DZR brass resists wear and leaks

Noise and Leak Prevention
Rubber seals on all parts

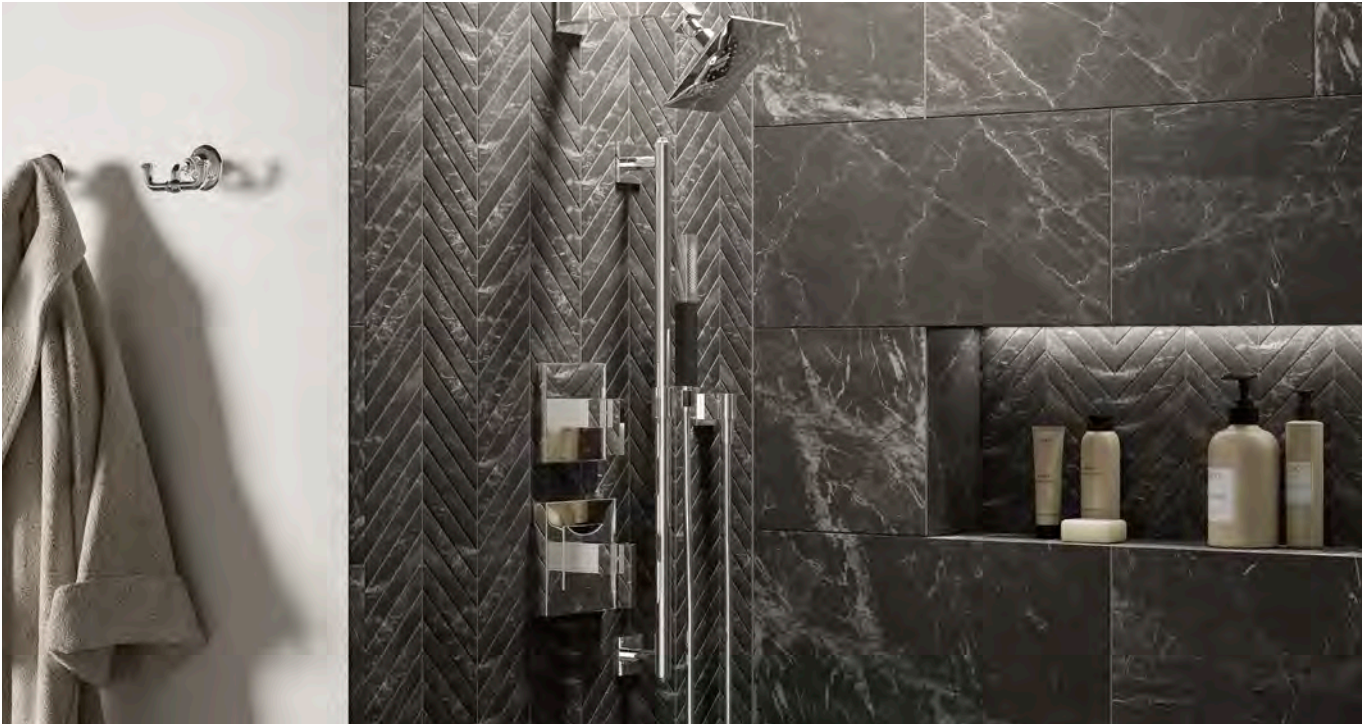

Modulo
Universal Box
K-98699T-NA

Universal Box
Works with all Modulo valves for multiple shower installations

Easy Installation
An integrated level and bracket ensure the box is properly aligned

 **Personalization**
Customize your experience

BubbleMassage™ Bath

BubbleMassage™ Airjet Design
With 120-122 jets (depending on the model) precisely positioned on the lower perimeter of the bath, our proprietary airjet design ensures that the bubbling action is complete and balanced throughout the bath, even at low speed. The result embraces at any airflow speed.

Home Spa Creation with bath additives
Bathers can use bath oils, salts and other additives without harming the system.

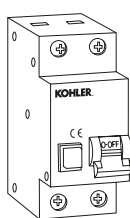

BubbleMassage™ Bath Features

Electronic Keypad

Hygienic system with automatic purge cycle

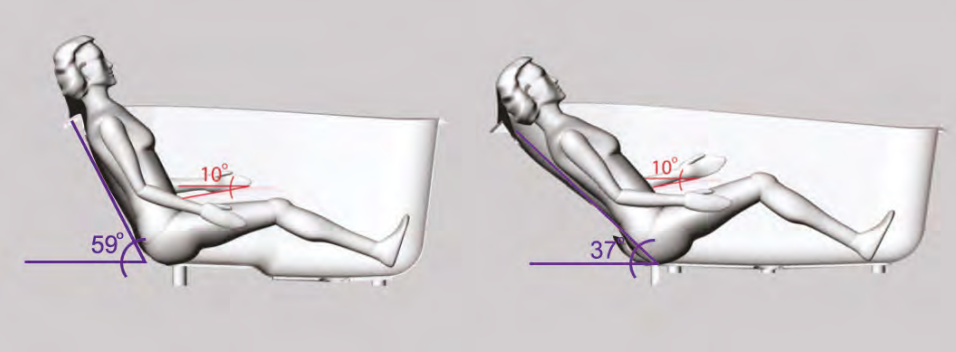

Earth Leakage Circuit Breaker (ELCB)

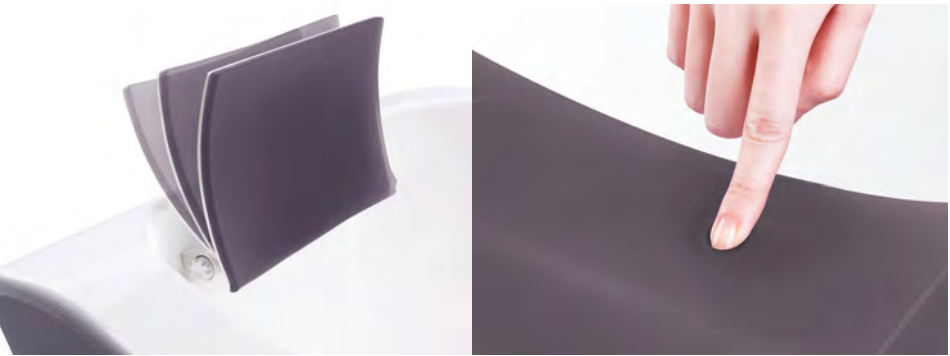

Cumulus Freestanding BubbleMassage™ Bath

Close your eyes and imagine yourself on a cloud. Feel how it supports you, envelops you, gently carries you. Ergonomically designed with special attention to bathing details, the Cumulus Bath series delivers an utterly divine sensory delight.

CUMULUS
Design • Comfort • Control

Comfortable Fit
With backrest angles ranging from 37° to 59°, Comfortable Baths are ergonomically designed for a variety of preferences. Featuring a contoured silhouette and spacious interior, these exquisitely crafted masterpieces allow you to lounge comfortably at a perfect soaking depth.

Human-Friendly Accessories

- Soft-textured, adjustable bath pillow adapts seamlessly to the curvature of your neck.
- Pliable grip rails eliminate sharp edges and potential risk of injuries.

Dual System Bath

The innovative Whirlpool and Airjet Systems, the two systems work together to maximize the bathers' comfort. While the airjets work up bubbles from low to high intensities, the whirlpool system creates swirling movement to give bathers the feel of being completely embraced and massaged. This is the innovative water therapy and... This is it...THE ART OF WELL-BEING created for you.

KARESS Massage System

Heated Neck Massage Pillow
Waterproof pillow with precisely distributed 3-dimensional neck massage, bi-directional kneading mode. Heated massage function accelerates your metabolism and relieves neck and shoulder tension.

Rolling Back Massage
8 jets perform a back massage along the key meridians in your back. Water pulses through each pair of jets in turn to relax your tight muscles and relieve pain.

Strong Lumbar Massage
Simulates the force of a hand massage to relax tense muscles. Powerful water force is 3-4 times stronger than competing products.

Foot and Leg Massage
Massage focused on the feet and legs gives deep relaxation and stimulates. Unique ledge to rest your feet while you enjoy a massage on the lower leg.

Intuitive User Interface
Water temperature display and touch control ensure you have a safe and enjoyable experience.

Electronic-Drain
Electronic drain control with alarm automatically prevents overflow. Flat drain cover gives smooth surface for safely standing and moving in the bath.

One-Touch Auto Clean System
One simple touch to flush and rinse pipes thoroughly. Remove dirt, prevent growth of bacteria and keep your whirlpool bath hygienic.

KOHLER®

BATHS & SHOWERS

The way bathing was meant to be.

Bathtubs have special meaning to KOHLER. In fact, KOHLER stepped into the bathroom sanitary business exactly because of the founder's inspiration to remodel a horse trough/hog scalding into the first cast-iron bathtub. From that day in 1883 till today, KOHLER has continuously developed bathtubs and other breakthrough bath and kitchen innovations to become the leader in the sanitary industry and to make your life more relaxed and gracious.

Install a legacy

Produced with exquisite workmanship, each piece embodies Kohler's commitment to crafting the finest bathtubs.

10 Years Warranty

KOHLER warrants the cast iron components to be free of defects in material and workmanship during normal use.

Cast Iron Specialist for over 140 Years

Crafted with exquisite workmanship and advanced technology, each piece embodies Kohler's commitment to crafting the finest for over 140 years.

Glamorous

Available in an extensive array of colors.

Thick Enamel Surface

Thick, durable and easy-to-clean enamel surface stands the test of time.

KOHLER KITCHENS

Sinks & Faucets

KOHLER KITCHENS Enameled Cast Iron

KOHLER® Cast Iron kitchen sinks, available in a wide array of sizes, provide uncompromising strength with an ultra-thick layer of enamel that is guaranteed not to chip, crack or burn.

Smooth, Easy-to-Clean Surface

Glossy enamel finish with easy-to-clean surface that coordinates well with different kitchen designs.

Ultra Thick Layer of Enamel Minimizes Noise

Made from recycled materials, ultra-thick enamel, sturdy and durable.

Commitment to Quality

Cast iron products are guaranteed with a lifetime limited warranty.

Smart Divide Design

Smart Divide kitchen sinks feature dividers that are half the height of those found in conventional double-bowl sinks. After observing how consumers use traditional double-bowl sinks to perform a variety of food preparation and cleanup tasks, Kohler determined the functional benefits that a low-profile bowl divider would provide.

More room to fill pots

More room to fit larger cookware

More room to soak pans

KOHLER KITCHENS
Stainless Steel

KOHLER KITCHENS

Stainless Steel

KOHLER® Stainless Steel Kitchen Sinks are crafted by hand, using only premium-gauge stainless steel for years of enduring beauty and flawless performance. They offer a distinctive, angular design, right at home with contemporary aesthetics.

Faster Drainage

Water drains faster with double swirl strainer and larger drain pipe. Additional strainer basket prevents clogging.

Anti-Bacterial Drain Pipe

Anti-Bacterial Drain Pipe prevents growth of bacteria.

Reduce Noise and Coagulation

Special coating and rubber layer at bottom of sink reduces noise and prevents coagulation.

Durable and Sturdy

Using 304 Stainless steel with maximum thickness of 2.0 mm. for durability.

Fabricated Kitchen Sink

Hand-crafted from premium gauge stainless steel with thickness ranging from 1.2 – 2.0 mm.

Oil Resistance Finish (ORF)

Kohler's exclusive Oil-Resistant Finish (ORF) patented for oil-free cooking enjoyment.

Exceptional Sound-Absorption Technology by KOHLER® sharply decreases noise from dishes, running water and disposals. SilentShield™ also reduces condensation and helps maintain water temperature.
