POWER HANDSET

1540.268 & 1540.269

Accessory Pack

Installation

THESE INSTRUCTIONS ARE TO BE LEFT WITH THE USER

Introduction

The Mira power handset is an adjustable spray showerhead with four different spray actions: start, champagne, massage and eco. It is suitable for most power showers and high pressure systems above 0.5 bar.

The Mira power handset is available in white or chrome.

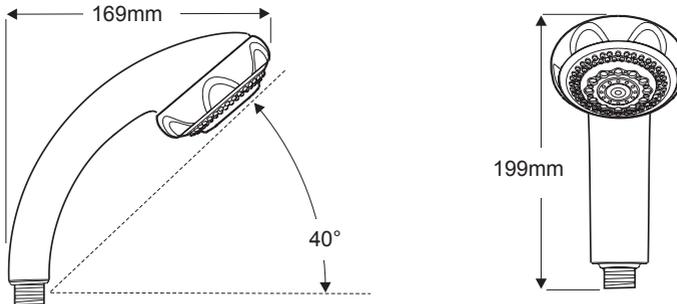

System Applications

- Instantaneous gas heated systems
- Mains pressure systems
- Pumped systems

Additional Features

- Adjustable showerhead with four spray patterns
- Visual indicators for spray settings
- Rub-clean rubber nozzles to remove scale build-up.

Dimensions

All dimensions are nominal and in millimetres

Installation

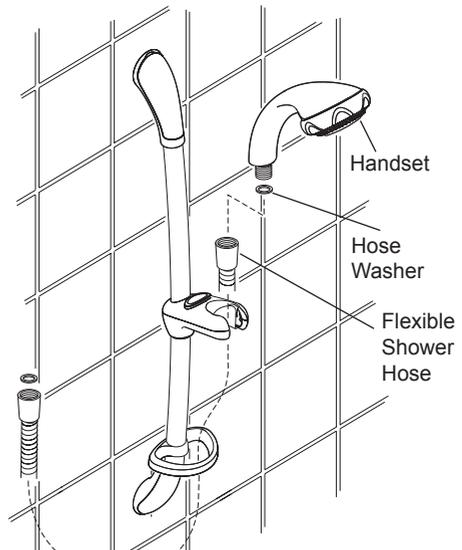

Before Installing

Before installing the handset, consider these placement tips:

1. Position the handset in a convenient position for all the family.
2. Position the handset so that the spray discharges away from the shower control, and down the centre line of the bath or across (rather than into) the shower cubicle opening.

Installation

1. Unscrew the existing handset from the flexible shower hose.
Note! The hose and handset may have water in them.
2. Screw the Mira handset into the flexible shower hose. If there is a hose washer, be careful to retain it.
Caution! Do not overtighten.

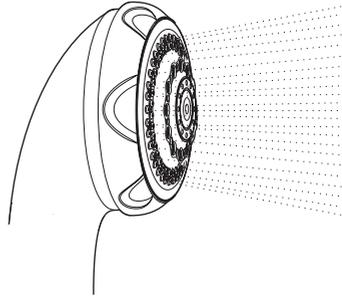

Operation

Spray Settings

The handset has four spray settings: Eco, Start, Champagne, and Massage.

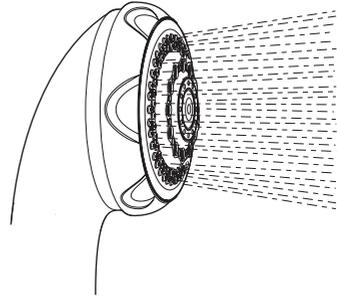

1. **Eco:** Water flows from the outer set of holes at a reduced flow rate.

To select the Eco setting, turn the spray plate fully clockwise.

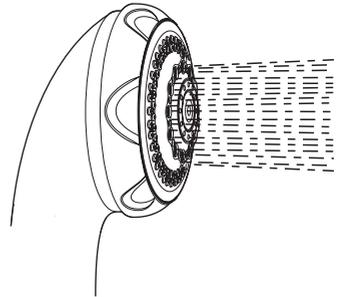

2. **Start:** Water flows from the outer set of holes.

To select the Start setting, turn the spray plate anticlockwise from the full clockwise position until it clicks once.

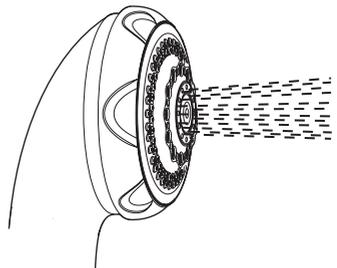

3. **Champagne:** Water flows from the middle holes.

To select the Champagne setting, turn the spray plate anticlockwise from the full clockwise position until it clicks twice.

4. **Massage:** Water flows from the inner set of holes.

To select the Massage setting, turn the spray plate anticlockwise from the full clockwise position until it clicks three times.

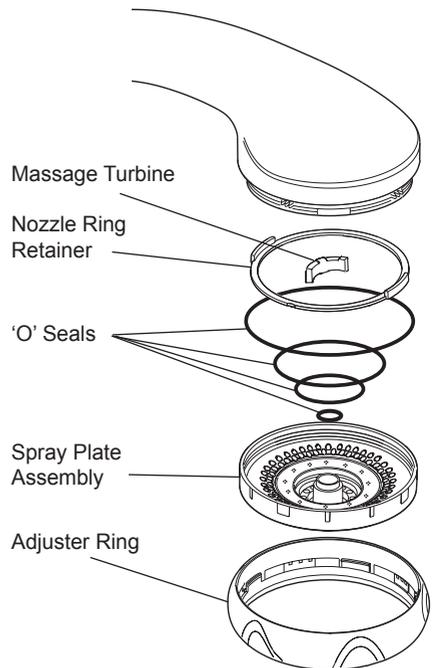

Maintenance

Daily Cleaning

Use your thumb or a soft cloth to wipe any limescale from the soft rubber nozzles and the front face of the showerhead.

Full Cleaning

1. Turn the adjuster ring fully anticlockwise.
2. Unclip and remove the adjuster ring.
3. Unscrew the spray plate assembly in an anticlockwise direction. The 'O' seals will provide some resistance.
4. Remove the massage turbine and the nozzle retaining ring.
5. Clean all of the components with a stiff brush.
6. If necessary, use a plastic kettle descaler to remove stubborn limescale, following the manufacturer's instructions.
7. If the 'O' seals are damaged, replace them with new 'O' seals. (Spare part number 450.08, available from Customer Services. See the back page for more information).
8. Refit the components in reverse order. Ensure that the 'O' seals, the massage turbine and the nozzle ring retainer are fitted correctly.

Customer Service

Guarantee

Your product has the benefit of our manufacturer's guarantee which starts from the date of purchase.

To activate this guarantee, please return your completed registration card, visit our website or free phone 0800 0731248 within 30 days of purchase (UK only).

Within the guarantee period we will resolve defects in materials or workmanship, free of charge, by repairing or replacing parts or product as we may choose.

If you have not previously activated the guarantee, you will be required to do so prior to the provision of assistance. If you do not activate your guarantee our Engineer will be entitled to charge full payment for the visit (Call out fee plus parts).

This guarantee is in addition to your statutory rights and is subject to the following conditions:

- The product must be installed and maintained in accordance with the instructions given in this user guide.
- Servicing must only be undertaken by us or our appointed representative. **Note!** if a service visit is required the product must be fully installed and connected to services.
- Repair under this guarantee does not extend the original expiry date. The guarantee on any replacement parts or product ends at the original expiry date.
- For shower fittings or consumable items we reserve the right to supply replacement parts only.

The guarantee does not cover:

- Call out charges for non product faults (such as damage or performance issues arising from incorrect installation, improper use, lack of maintenance, build up of limescale, frost damage, corrosion, system debris or blocked filters) or where no fault has been found with the product.
- Water or electrical supply, waste and isolation issues.
- Compensation for loss of use of the product or consequential loss of any kind.
- Damage or defects caused if the product is repaired or modified by persons not authorised by us or our appointed representative.
- Routine maintenance or replacement parts to comply with the requirements of the TMV 2 or TMV 3 healthcare schemes.

What to do if something goes wrong

If your product does not function correctly when you first use it, contact your installer to check that it is installed and commissioned in accordance with the instructions in this manual. Should this not resolve the issue, contact our Customer Services Team who will offer you or your installer advice and if applicable arrange for a Service Technician to call. If the performance of your product declines, check in this manual to see if simple home maintenance is required. If you require further assistance call our Customer Services Team.

Extended Guarantees

A selection of protection plans are available that enable you to cover repair bills for the life of your policy (excludes Eire). Ring 01922 471763 for more details.

Helpdesk Service

Our dedicated Customer Services Team is comprehensively trained and can offer help and advice, spare parts, accessories or a service visit. We will need you to have your model name or number, power rating (if applicable) and date of purchase. As part of our quality and training programme calls may be recorded or monitored.

Mira Showers Website (www.mirashowers.co.uk)

From our website you can register your guarantee, download additional user guides, diagnose faults, purchase our full range of accessories and popular spares, refer to our FAQ's and request a service visit.

Spares and Accessories

We maintain extensive stocks of genuine spares and accessories and aim to provide support throughout the product's expected life. Payment can be made by phone at time of order using most major Credit or Debit cards and we aim to despatch orders within two working days. Items purchased from us are guaranteed for 12 months from date of purchase. For safety reasons spares exposed to mains voltages should only be fitted by competent persons.

Returns – items can be returned within one month of date of purchase, providing that they are in good condition and the packaging is unopened. Please obtain authorisation from our Customer Services Team before return. We reserve the right to apply a 15% restocking charge.

Service / Repairs

We have a nationwide team of Service Technicians who can carry out all service or repair work to your product within the guarantee period and beyond. You have the assurance of a fully trained Mira Technician, genuine Mira spare parts and a 12 month guarantee on any chargeable work done.

Payment should be made directly to the Service Technician who will accept most major Credit or Debit cards.
