

Supplier Registration: Products

KOHLER[®]
Supplier Management Platform
powered by **JAGGAER** 

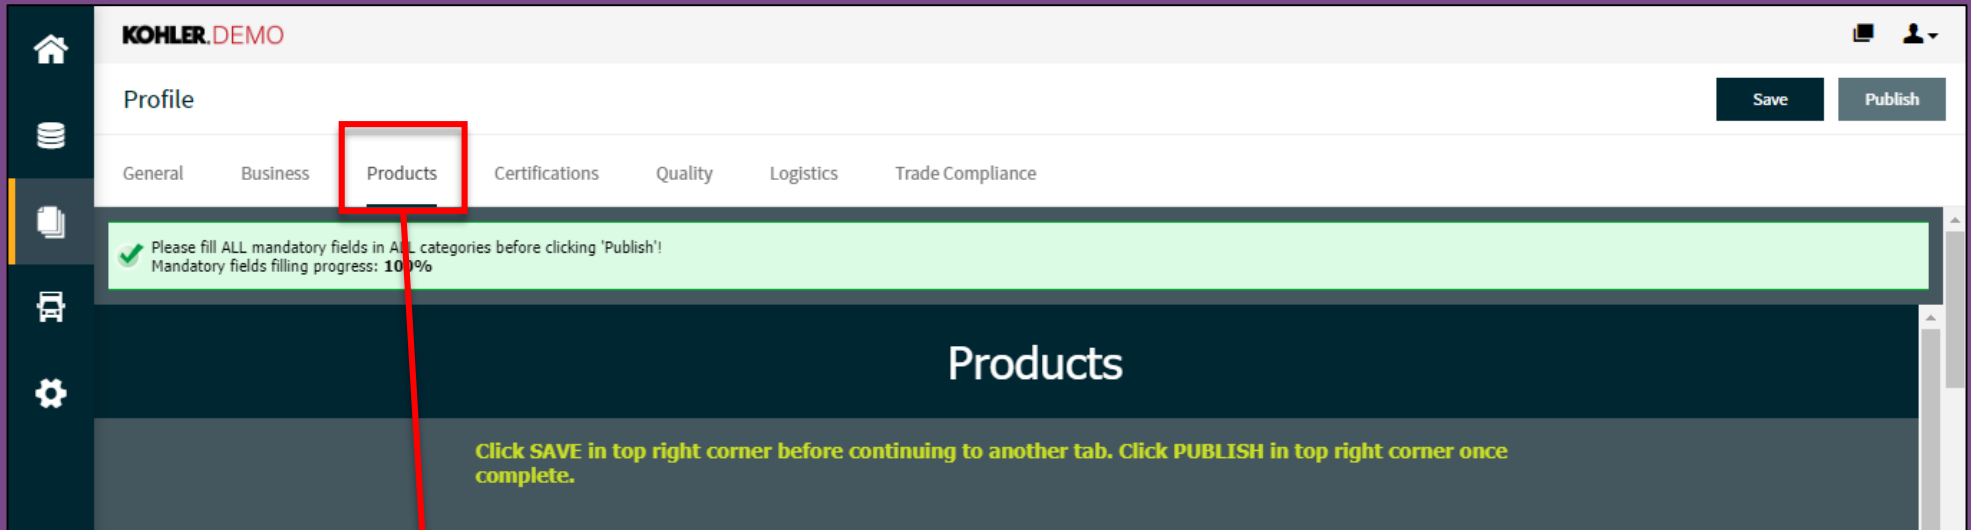

Getting Started

From the Home Page of the Supplier Portal Dashboard, Click the Master Data symbol.

Select "Company Profile"

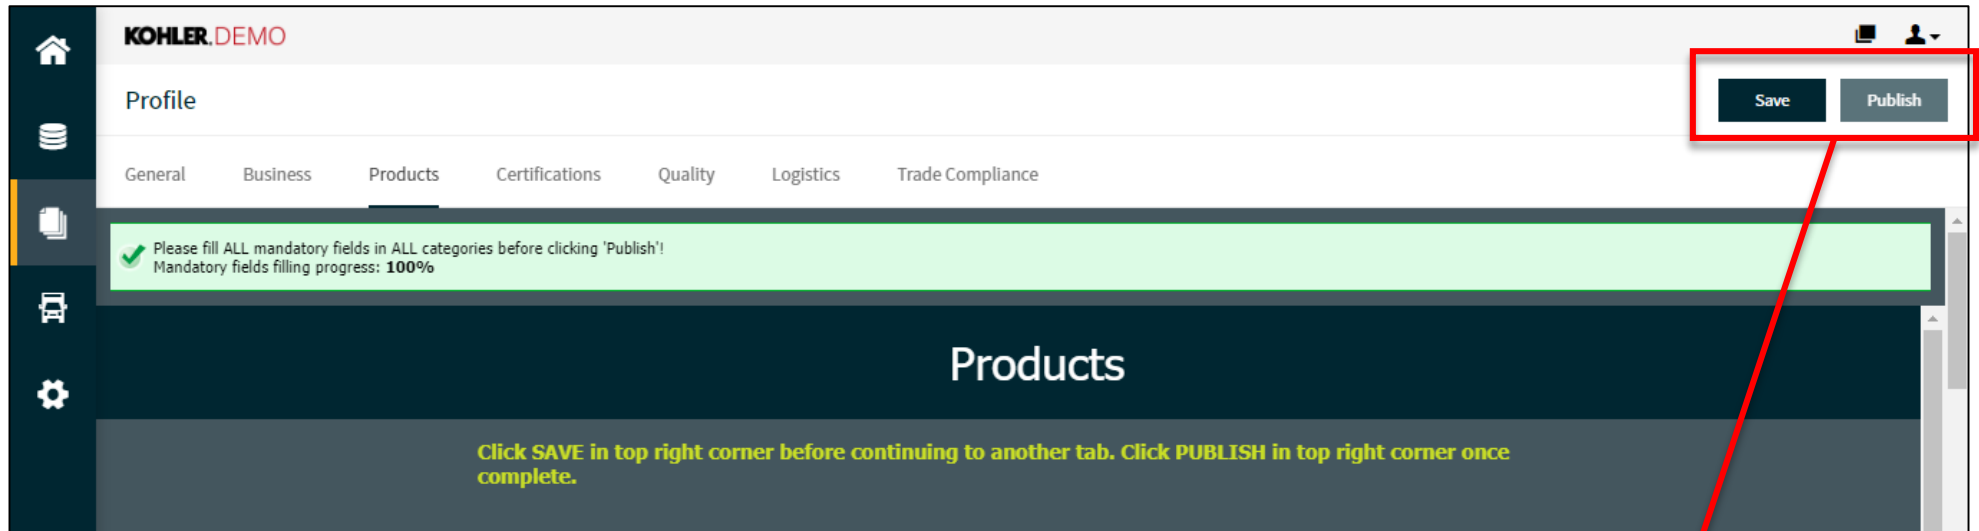

Getting Started

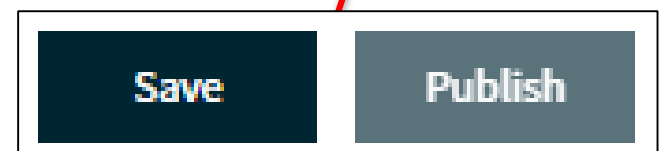

From here, you can choose the **Products** tab to navigate to the Products section.

The **Products** tab contains information on your company's manufacturing, design, and engineering capabilities

Getting Started

Save – Clicking Save does not send any data to Kohler, it simply saves your entries so you don't lose your progress next time you login.

Publish - Clicking Publish will save your entries to your profile and send this data over to Kohler. You will still be able to make changes after clicking publish.

YOU MUST CLICK PUBLISH if you want Kohler to receive any of your information
