25 W Type B10 Candelabra Base Bulb

ROUGHING-IN

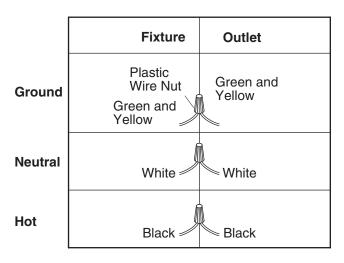

1. INSTALL THE MOUNTING PLATE

WARNING: Risk of personal injury. To avoid possible electrical shock, the electricity must be turned off at the circuit breaker or fuse box before attempting any installation procedure.

- ☐ Carefully pull the wiring out from the outlet box and allow the wires to hang down.
- ☐ Place the flanged side of the mounting plate toward you, as shown.
- $\hfill \Box$ Align the mounting holes on the mounting plate with the holes on the outlet box.
- ☐ Secure the mounting plate to the outlet box using the outlet box screws.
- ☐ Use the outlet box screws to secure the mounting plate to the outlet box.

3. CONNECT THE ELECTRICAL WIRES

WARNING: Risk of personal injury. To avoid possible electrical shock, the outlet box must be properly grounded.

- Attach the green and yellow ground wire from the fixture to the ground wire (green and yellow) of the outlet box.
- ☐ Fasten the ground wires together with a plastic wire nut and wrap with electrical tape.
- ☐ Attach the neutral wire (white) from the fixture to the neutral wire of the outlet box.
- ☐ Fasten the neutral wires together with a plastic wire nut and wrap with electrical tape.
- ☐ Attach the hot wire (black) from the fixture to the hot wire of the outlet box.
- ☐ Fasten the hot wires together with a plastic wire nut and wrap with electrical tape.
- ☐ Verify all plastic wire nuts are securely fastened and wire strands are not exposed.
- ☐ Carefully place the wire connections neatly into the outlet box.
- ☐ Position the back plate of the fixture over the mounting plate.
- ☐ Carefully place the wire connections neatly behind the back plate.

A. INSTALL THE WALL SCONCE Glass Shade Mounting Plate Setscrew Sconce

- Use the setscrews provided to secure the sconce to the mounting plate. Verify that the sconce is flush against the finished wall.
- ☐ Insert a B10 candelabra base bulb (25 W maximum) into the fixture.
- ☐ Position the glass shade on the threaded socket of the sconce.
- ☐ Turn on the main electrical supply from the main fuse or circuit breaker.
- ☐ Check for proper operation.
