Care and Cleaning

⚠ CAUTION: Risk of product damage. Do not stand on the toilet seat. The weight could damage the hinges.

The toilet seat may be completely removed for a complete cleaning. Refer to the "Toilet Seat Operation" section for detailed information.

Clean the outside surface of your toilet seat with mild soap and warm water. Wipe the entire surface completely dry with a clean, soft cloth. You may use soft abrasive cleaners when necessary to clean your toilet seat. Do not use strong abrasive cleaners, as they will scratch and dull the surface. Wipe any splashes of cleaner solutions from plastic or plated surfaces immediately.

If the surface becomes excessively dirty, please use a general purpose cleaner.
