Living on the Leading Edge of Design and Technology

From products that perfectly combine design and technology  
to overall kitchen and bathroom solutions,  
KOHLER brings a gracious living to every customer

A singular level of exceptional quality. It's the guiding principle that Kohler Co. has been founded upon. Because of this commitment, we are constantly making breakthroughs, from single sanitary products to overall kitchen and bathroom solutions. KOHLER continuously enriches its product line, integrating outstanding design, innovative technology and creative artistic inspiration.

KOHLER has long been one of the most recognized brands around the world. In 2016, Fortune Magazine named Kohler one of the "25 Most Important Private Companies," citing KOHLER'S "highly influential" impact on kitchen and bath design.

ROSE GOLD

Fashion will no longer go out of style. From Vibrant Moderne Brushed Gold, Vibrant Moderne Polished Gold, Vibrant French Gold to Rose Gold, wishing to express a unique, stylish and wonderful feeling, KOHLER cleverly uses the color gold like a highly skilled painter, aware more is too showy and less is too ordinary. Warm and gorgeous, Rose Gold creates a low-key but luxurious atmosphere, adding matchless refinement to your bathroom.

TRESHAM™

American lifestyle is endlessly self-reflexive and paradoxical. Seriously playful. Carefully disorganized. It is steeped in the traditions of classic Americana while embracing a modern eclectic sensibility. Life. With a twist. Tresham vanities, toilets, lavatories and shower bases bring this playful eccentricity, this eclectic elegance, to the American bathroom. Go live your life. With a twist.

INTELLIGENT  
TOILETS

# NUMI 2.0®

## The Future Reimagined

Elevate your bathroom experience with the iconic Numi 2.0 Smart Toilet. Distinctive in every way, it invites you to a truly personalized, multi-sensory experience featuring seamlessly integrated technology. Fine-tune each option to your exact preferences and discover a new era of dynamic innovation with Kohler's most advanced toilet.

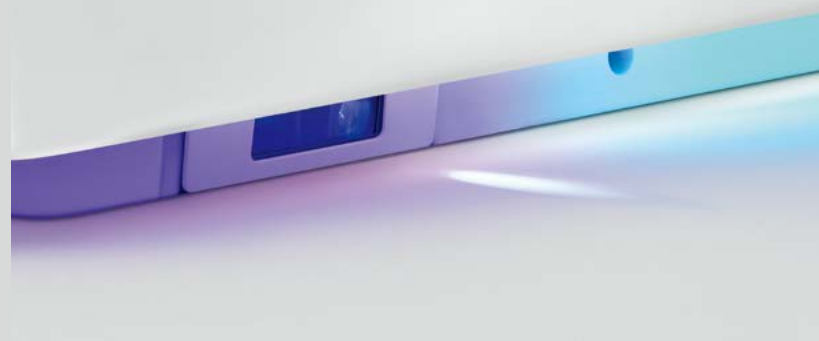

Welcome to a whole new world of smart. Numi 2.0 with KOHLER Konnect is Kohler's most advanced toilet, giving you the freedom to set every detail to your personal preferences — from warm-water cleansing and a heated seat to ambient lighting and air freshening. With built-in Amazon Alexa, Numi 2.0 lets you create your ideal environment with only the sound of your voice.

The KOHLER Konnect app lets you create personalized presets for each person in your household. Enjoy your preferred water or seat temperature, cleansing pressure and lighting or sound ambiance, every time you use the bathroom. Take clean to the next level. From UV wand cleaning to automatic flush and hands-free seat open and close, every element of Numi 2.0 is designed to leave you feeling refreshed and comfortable.

## Hands-free Sensor

- Motion-activated lid senses your presence and automatically raises and closes for you.
- Toilet sensor includes advanced microwave technology for accurate functionality that is not affected by change in room temperature, humidity, or lighting so it will only open for the user.
- Foot sensor feature automatically opens and closes the seat for use as needed.

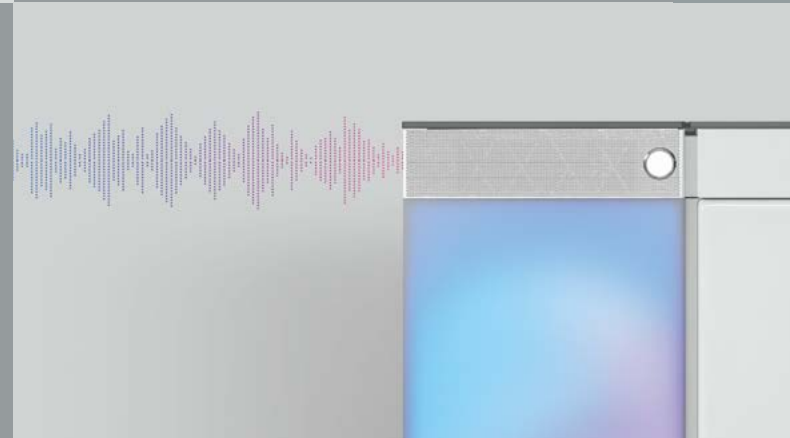

## Lighting and Sounds

Enjoy an immersive escape with five preset colored lighting and sound scenes – each artfully crafted to provide a unique experience. Plus, you can control your own music to make your morning or evening routine even more enjoyable.

## Advanced Bidet

- Bidet Functionality offers personalized settings for adjustable spray, wand position, water pressure and temperature with pulsate and oscillate modes.
- Front and rear wash modes provide warm water for hygienic cleansing.
- Front wash feature includes multiple nozzles that create a gentle and refreshing spray.

## Quality Sound

State-of-the-art, high fidelity speakers provide premium sound to further enhance your bathroom experience.

## Hygiene and Clean

- Self-cleaning stainless steel wand provides a hygienic experience with UV light and electrolyzed water cleaning.
- Bowl is automatically misted prior to use for more complete rinsing while flushing.
- Intuitive sensors activate automatic dual flushing as needed for optimal bowl cleansing.
- Touchless open and close of lid and seat allows for hands-free operation.

## Lighting

### Miami

Amp up the energy and get ready for the day – or night – ahead with strong beats and fast rhythms.

### Sunrise

Ease into the day with the sounds of birds chirping, water lapping, and wind blowing through blades of grass paired with gentle, morning-inspired lighting.

### Forest

Feel yourself surrounded by nature as you enjoy the sounds of trees swaying, leaves falling, birds chirping, and a stream flowing.

### Deep Ocean

Be transported to the beach where the sounds of gentle waves, seagulls, and dolphins make the stress of the day instantly melt away.

### Bokeh

Relax with instrumental music that soothes your soul and gives you space to contemplate.

## Comfort and Convenience

- Heated seat and warm air-drying system include adjustable temperature to meet your personal preference.
- Automatic deodorization system helps keep the bathroom space clean.
- Dynamic LED lighting on the base and back panel illuminates the bowl to serve as a night light.

## Personalized Control

- Sleek titanium remote provides control of select toilet functions for convenient operation.
- Easy-to-use KOHLER Connect App allows you to customize and program your preferences for a Kohler smart home experience.\*
- Manage your calendar, check the weather or make purchases with touch-free voice control.\*

\*A remote control will operate all functionality if voice control is not available.

# TOILETS

As you design your dream bathroom, remember to include the toilet and seat as components that can enhance your overall experience. From personal cleansing to streamlined design, KOHLER® toilets and seats give you a clean that goes beyond clean. We make sure your toilet and seat live up to the rest of the dream.

# TOILETS

KOHLER® toilets are designed to exceed even your high standards of cleanliness. They look clean. They flush clean. They use new technologies to help keep your home clean and to keep you feeling clean and comfortable. For your bathroom and you, there's no such thing as too clean.

## Clean Design

Smooth, sleek lines don't just look clean. They also wipe down easier so you can maintain a more hygienic environment.

## Clean Flush

We design and test our toilets to provide you with a complete balanced flush, from great rinsing power to plug resistance.

## Clean Functionality

Our touchless technology lets you flush by simply holding your hand over the tank, so there are fewer germs to pick up or leave behind.

## Clean Space

From designing seats with built-in air fresheners to wall-hung toilets that make it easy to clean underneath, Kohler helps keep your bathroom fresh and clean.

# REVOLUTION 360

TOILETS

### IMPROVED HYGIENE

The 360-degree swirling water flush reaches the entire inner bowl for optimized cleaning performance and hygiene.

### CONTINUOUS CLEAN

Automatically dispenses a cleaning solution into the toilet bowl for improved long-lasting hygiene with each flush.

### MORE POWERFUL

The high-speed water flow generated by the larger flush valve along with the additional water jet ensures extraordinary flushing and bulk removal to effectively prevent clogging.

### WATER SAVING

Eco-friendly flushing (3/4.8L) reduces water consumption and satisfies LEED and Green Building certification standards.

# IN-WALL TANK SYSTEM

## Security and reliability

A wall-hung toilet with an in-wall tank is a great way to save bathroom space. There's no need to be concerned about leaks because you can put your complete trust in KOHLER in-wall tanks and wall-hung toilets. Our 2.6/4L in-wall tanks are made with precision injection-molding technology and excellent anti-corrosion techniques, with a complete guarantee.

- With an extensible cable, the faceplate can be positioned anywhere (up to 4 meters away).
- Precise injection molding technology ensures an evenly thick wall with less than 0.1mm tolerance, effectively avoiding the risk of tank fracture.
- Tank's metal components are coated using Dacromet™ anti-corrosion technology, giving much better protection against rust than traditional electro-galvanized treatments.

# UNIQUE FACEPLATES

A wide range of designs and colors offer unique charm for any bathroom.

A pneumatic faceplate provides an incredibly soft, plush feeling, with a slow, silent rebound.

Pair it with a Vibrant PVD finish for a gleaming modern style as well as highly durable quality.

## In-Wall Tank and Faceplate

### Water Filter

Recyclable filter can filter out impurities to prevent in-wall tank from clogging

IN-WALL TANKS

### Dacromet Finish

Dacromet finish on hardware provides better protection against rust and decay

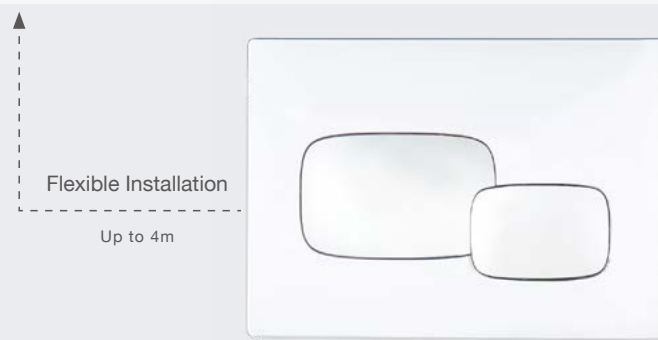

### Injection Molding

Injection Molding minimizes the tolerance down to within 0.1mm and effectively increases durability and prevents cracking

### Flexible Installation

Installation position is quite flexible and wire length can be up to 4m. (standard 1m)

### Various Vibrant Finishes

A selection of PVD finishes can enhance a variety of bathroom décors

### Pneumatic Button

Smooth and comfortable hand feel

### Multiple Size Options

Available in 88mm ultra-thin model and 800mm ultra-low model to better fit in different spaces

# C<sup>3</sup> Intelligent Toilet Seats

Cleaning pioneer gives personal care.

Cleanliness, Comfort, Convenience — these design properties of the KOHLER C<sup>3</sup> toilet seat bring a safe and reliable personal experience to every user. A warm seat gives you a comfortable experience every time you sit on it. A soothing water flow takes good care of the most private parts of your body. Start a brand-new lifestyle by selecting the 3 C's for your bathroom.

## Clean

### Wand Sanitization

The ultraviolet disinfection system can effectively eliminate 99.9% of bacteria\* on the wand, ensuring the cleanliness of the nozzle. This system can intelligently and conveniently identify bacteria peak time based on user habit, ensuring the seat is hygienic and safe.

\*In a 45-minute test of sanitization of the wand against Escherichia coli, Staphylococcus aureus, Pseudomonas aeruginosa, and Bacillus subtilis, the disinfection rate is >99.9%.

# ARTIST EDITIONS

Handcrafted from the finest materials to be one of a kind, these products are as individual as you are. For the homeowner with an artistic sensibility, decorative products let you create a space that is truly your own.

- The Artist Editions line features a number of bathroom lavatory that are crafted from natural materials using methods that have been passed down for generations. Honoring the inherent beauty of the potential of the material, Kohler designers and artisans create one-of-a-kind works of art for the home.

## CERAMIC

Ceramic The inherent strength and durability of ceramics make them an ideal material for bathroom sinks. The use of Ceramic Ink Transfer technique achieves a high level of detailing and finish not possible with hand painting. With detailed precision, each pattern is hand-applied before the fixtures are fired to perfection in our custom kilns.

## GLASS

Glass has a versatile, fluid nature that lends itself to artistic expression. Cast, spun, slumped or pressed – our glass sinks are crafted by our own small team of artisans, shaping basins that range from smooth and sculptural to intricate and patterned.

## MARBLE

Carrara and Biancone marbles carry with them a sense of ancient architectural grandeur and exquisite artistry. We begin by hand-selecting quarried marble with a rich, subtle character that will come to life in the simplicity of our designs. Milled and hand finished, each sink embodies a unique story of time and place.

## EMPRESS BOUQUET™

The first people to develop printmaking, Chinese artisans have produced exceptional woodblock prints since the 9th century. Offering a modern interpretation of 18th-century Chinese print work, Empress Bouquet builds on this rich artistic tradition with its floral motif and brilliant gold and metallic detailing. Each sink showcases a slightly different variation on the pattern, creating a one-of-a-kind piece.

**DERRING™**

Inspired by studio pottery, the Derring collection celebrates the inherent beauty and authenticity of handcrafted ceramics. Each sink is a one-of-a-kind creation, finished with unique rutile and artisanal glazes that produce fascinating surface effects. A handcarved texture accentuates the subtle tonal variations. Featured in neutral hues, this sink can be the centerpiece of your bath, or it can serve as a unifying element that pulls everything else together.

**DUTCHMASTER™ FLORAL**  
on Carillon™ Vessel Lavatories

The Dutchmaster collection captures the movement and lush beauty of flowers, bringing bold artistic photography to the lavatory. Kohler collaborated with "florography" artist Ashley Woodson Bailey to create this exquisite floral composition. Inspired by the Dutchmaster painters of the 17th century, the glorious pattern is abloom with hellebores, fritillaries, ranunculus and sweet pea, dramatically luminescent on a dark backdrop in the style of chiaroscuro painting. Rendered on the graceful contours of the Carillon Vessel Lavatory, Dutchmaster stands as a bold statement in the bath. Round or rectangular basin with subtle lift at edges.

SHAGREEN on Carillon™ Round Vessel Lavatory - Oyster Pearl K-77714-SSP

## SHAGREEN on Carillon™ Round Vessels

Unrivalled luster, understated beauty

The Shagreen collection celebrates the subtle coloring and distinctive pebbled texture of natural shark skin leather. Inspired by oil-spot glazes that originated in China during the Song Dynasty, a two-step glaze process uses minerals to create an interplay of iridescent pearly tones and matte effects. Each piece in the Oceanic collection has a unique pattern formed through an organic process, with a gently pebbled texture similar to leather.

### CARAVAN™

Influenced by one of the oldest continuous civilizations, the Persia design reflects a rich tradition of culture and art. An eye-catching classic, Persia offers a fresh interpretation of Middle Eastern and Indian design traditions, drawing inspiration from decorative architecture and Moorish style. Organic, open line work contrasted with geometric patterns creates a unique juxtaposition and richness with Gold and Platinum micas. The White background creates an effective canvas for the pattern while offering ease of coordination with other fixtures in the space.

SARTORIAL™ Paisley in Black Black on Carrilon™ Round Vessel Lavatory K-75748-FP2-7

## SARTORIAL™ on Carrilon™ Round Vessel Lavatory / Caxton Undercounter Lavatory

The Sartorial collection pays homage to the refined elegance of 19th-century European textiles. Inspired by haberdashery fabrics, this herringbone pattern strikes a modern, geometric note, showcased beautifully on the Carrilon Vessel Lavatories. Available in both rectangular and round shapes to offer more configuration options.

**KENSHO™**

Etched in natural stone, Kensho is a vibrant marriage of strength and beauty, Eastern motifs and Western artistic techniques. The sensuous curves of smooth carved stone reveal a patchwork of Japanese sashiko kimono patterns depicting organic elements such as waves, mountains, and bamboo. Inspired by a 15th-century Italian technique known as aquaforte, artisans etch textural patterns into the surface, creating a sense of movement across the stone. The etched patterns are then brought to life using a champagne-gold metallic finish. This labor-intensive handcrafted process, wrought on natural stone, makes each Kensho sink unique — and a stunning statement piece for the bath.

## SPA MASSAGE BATHTUBS

### Multi-sensory experience

There is nothing more comfortable and refreshing than a water spa when you are tired. If you have your own spa massage bathtub, you can easily experience the pleasures of spa luxury conveniently at home. The KOHLER SPA Massage Bathtub combines air and water or sound and water, along with various water flow and massage options, to provide a full-body experience as well as to target specific areas of the body.

# Fountainhead 2.0

## Soothing Relaxation, Invigorating Massage

Optimally positioned ports distribute champagne-like bubbles that cling to caress your skin.  
The perfect combination of air and water offers a sublime, all-encompassing hydrotherapy experience.  
Effervescence Technology and Chromatherapy provide you with ultimate tranquility.

BubbleMassage™

# BubbleMassage™

120-122 innovative air jets are precisely and strategically positioned to form a sophisticated, highly effective delivery pattern that embraces the bather with bubbling massage.

## Refreshing Embrace by Light Bubbles

KOHLER BubbMassage Baths infuse new life into the bathing experience. Feel the refreshing embrace of light bubbles washing over your body, or immerse yourself in a rejuvenating targeted or full-body massage.

BATHTUBS

### Heated Neck Massage Pillow

Waterproof pillow with precisely distributed 3-dimensional neck massage, bi-directional kneading mode. Heated massage function accelerates your metabolism and relieves neck and shoulder tension

### Rolling Back Massage

8 jets perform a back massage along the key meridians in your back. Water pulses through each pair of jets in turn to relax your tight muscles and relieve pain.

### Strong Lumbar Massage

Simulates the force of a hand massage to relax tense muscles. Powerful water force is 3-4 times stronger than competing products.

### Foot & Leg Massage

Massage focused on the feet and legs gives deep relaxation and stimulates. Unique ledge to rest your feet while you enjoy a massage on the lower leg.

### Intuitive User Interface

Water temperature display and touch control ensure you have a safe and enjoyable experience

### Electronic-Drain

Electronic drain control with alarm automatically prevents overflow. Flat drain cover gives smooth surface for safely standing and moving in the bath

### One-Touch Auto Clean System

One simple touch to flush and rinse pipes thoroughly. Remove dirt, prevent growth of bacteria and keep your whirlpool bath hygienic

# BATHS & SHOWERS

The way bathing was meant to be.

Bathtubs have special meaning to KOHLER. In fact, KOHLER stepped into the bathroom sanitary business exactly because of the founder's inspiration to remodel a horse trough/hog scalding into the first cast-iron bathtub. From that day in 1883 till today, KOHLER has continuously developed bathtubs and other breakthrough bath and kitchen innovations to become the leader in the sanitary industry and to make your life more relaxed and gracious.

## Cast Iron - Install a Legacy

# SHOWER DOORS

## Reliable Craftsmanship

"A singular level of exceptional quality" is the philosophy of KOHLER shower door products, whether they are made in the U.S. or utilize the rich and mature manufacturing experience in Britain and China. The KOHLER brand family includes many brand names, all embodying the innovative designs, advanced craftsmanship and design inspiration for which KOHLER is noted.

## Premium Materials

### Defect-free Material

KOHLER uses aluminum material that meets the American 6063 standard for defect-free content, ensuring a smooth, glossy surface free of pinholes and dents. Stringently selected material (HRC 13-15) with a maximum thickness of 2.6mm performs well under pressure.

### Hinges

Made of durable brass and stainless steel, KOHLER shower hinges have passed 200,000 life cycles of open-and-close testing. Out-of-plumb adjustability (adjustable by 65mm) ensures easy installation and smooth operation.

## Architectural Grade Tempered Glass

All KOHLER shower doors feature automotive-grade tempered glass certified by Kitemark, S-Mark and SGCC and carefully selected from several well-known suppliers. As shown below, KOHLER tempered glass exceeds national and industry standards on fragmentation testing:

Fragmentation Test	Thickness	Standard	Result
KOHLER Tempered Glass	6 mm	GB15763.2-2005	≥ 80 pieces
Industry Standard	6 mm	GB15763.2-2005	≥ 40 pieces

\*The safety factor of tempered glass is proportional to the number of fragments.

## Top-Quality Materials

Wheels of high-quality stainless steel bearings and imported engineering resin make the panel glide smoothly and quietly.

## Superior Seals

Premium PVC seals on hinges effectively prevent leakage, and the super-thick finish deters corrosion and rusting.

### Flush Hinge Design

Hinges are recessed to sit completely level with the frame, leaving a smooth surface for easy cleaning and concise beauty.

### Innovative Hinge Technology

The glass shower door is firmly secured by innovatively designed hinges for your safety.

### Premium Bumpers

Superior-quality anti-slam bumpers eliminate door rebound for added safety and quiet.

### Easy-open Shower Door

Frameless sliding doors offer an easy-to-access, open shower environment.

### Superior PVC seals effectively prevent leakage

Innovative integrated seal is tightly bonded to prevent leakage

### Robust shower door

Door sways less than 2mm

### Easy-open shower door

It takes only a very light pull to open the door, even a child can open it

### Premium anti-slam bumpers

Innovative technology and improved structure effectively eliminate the sound of the door closing and rebounding

### Smooth sliding

Reduced friction results in consistently smooth sliding and long-lasting durability

### Effective against impact

Has passed the 30 Kg sandbag impact test, ensuring there will be no burst or displacement in case of accidental impact

### Quiet opening and closing

Precision structure reduces friction, keeping sliding noise to a minimum

## Guards your safety while you enjoy a relaxing shower

### Full Series Standard Filmed Glass

 Filmed Glass is effective in preventing glass from shattering

### Shower with a Touch of Art

KOHLER Mirrored Glass transforms a regular bathroom into a spacious, sensuous capsule with secure privacy.

KOHLER CleanCoat technology produces a smooth, water-repellent surface that eliminates residual water stains and makes cleaning much easier.

Laminated Glass guarantees you a safe and carefree showering experience.

### Artistic Design

#### Empress Bouquet Pattern

The Empress Bouquet pattern offers a modern interpretation of 18th century Chinese prints. Its floral motif and brilliant gold and metallic detailing are featured on a collection of shower enclosures. 

#### Glass Patterns

A KOHLER shower door with patterned glass makes an instant impact with its aesthetic mystique, thus becoming the distinctive centerpiece of a stylish, contemporary bathroom.

Innovatively designed hinges firmly secure the glass shower doors; seamless sealing strip forms a tight seal to hold in steam and water

Premium-quality handles combine solid brass construction and distinguished design

## MEMOIRS™ & NEW MEMOIRS™

The wide linespacing on this makes it a bit difficult to process. It would be better as a paragraph like this:  
A wide range of installation options allow you to design a shower that fits your aesthetic and your space exactly. Innovatively designed hinges firmly secure the glass shower doors. Out-of-plumb adjustability makes installation easy. The seamless sealing strip forms a continuous, tight seal to hold in steam and water. Tempered glass 10/8 mm thick ensures your safety.

## BATHROOM FURNITURE

Complete your bath or powder room with KOHLER bathroom furniture and console tables. Every exquisite detail of KOHLER bathroom furniture is thoughtfully designed and meticulously crafted. From classic to contemporary and charming to tropical, discover the options that suit your personality and style preferences. With a wide variety of elegant designs, including those featuring premium hardwoods and veneers, dovetail-joint drawers and integrated cast iron lavatories as well as vanities featuring KOHLER's patented Express assembly system, it's easy to enhance both functionality and beauty in the bathroom.

## A Bathroom with Personality

### Classic Americana

Steeped in the traditions of classic Americana, the KOHLER Classic collection echoes the stylized lines of historically renowned furniture and architectural design.

Blending subtle design elements and techniques found in time-honored craftsman furniture, each classic detail makes the piece timelessly elegant for any décor — sophisticated yet utterly approachable. The versatile designs in this collection offer universal appeal for today's bathrooms, letting bold walls and tile make a statement or providing a classic complement to a neutral environment.

### Modern Sensation

The KOHLER Contemporary collection turns heads with its sleek curves and clean, iconic designs. From simple elegant styles to bold geometric lines, each piece of this eye-catching collection delivers modern functionality, simplicity and warmth to classic and contemporary bathrooms alike. Whether classic, contemporary or eclectic, each piece in the KOHLER collection serves up luxury and comfort in carefully selected high quality raw materials, exquisite craftsmanship and inspired artistic designs, all in a variety of shapes and sizes. Durability, elegance and timelessness are built into the entire collection in a commitment to bring you a higher level of gracious living through the choices you make for your home.

In 1620, the British Mayflower ship arrived in North America, opening a new chapter in the history of the United States of America. Now, when you touch bathroom furniture in the New England style, you can feel American culture and the strong winds of England. The concise, integrated platform design, with a simple color of thick forests, brings an elegant British classic into the innovative American dream, creating an eternal classic.

**MODERNLIFE™**

Kohler's ModernLife suite delivers maximum hygiene with minimum effort. The drawers feature convenient storage modules to better organize grooming and personal care items. Each drawer's inner compartments are removable and made of a dust-resistant coating, allowing easier cleaning and maintenance as well as improved hygiene. The lavatory's ceramic surface has an innovative CleanCoat™ to ensure liquids bead up rather than strain the surface, preventing stains and water spots for unparalleled, long-lasting hygiene.

# MIRRORED CABINETS

Enjoy grooming with a KOHLER mirrored cabinet.

What gorgeous secrets can a mirror have? Even if put in a moisture-filled bathroom, the mirror will not become cloudy and certainly will not rust — these are basic requirements at KOHLER. Luxuriously roomy storage, elegance and convenience define KOHLER mirrored cabinets. Their triple-mirror design allows you to groom with the cabinet doors open, and practical details help put everything right where it's needed. Highly efficient and flexible wall storage in KOHLER mirrored cabinets help you make use of every inch of your bathroom space. Surround your mirrored cabinet with KOHLER gentle lighting to help you achieve the most natural look in your grooming routine.

CABINETS

## KOHLER Mirrored Cabinets

### Quality Assurance

KOHLER Mirrored Cabinets are crafted with carefully-selected high quality anodized aluminum, a non-corrosive material highly durable against moisture and humidity. The copper-free mirrors are three times more effective against tarnishing, and the lead-free primer is safer. Even in a humid environment, the integrated electronic defogger keeps the mirror clear.

### Store and Organize

KOHLER Mirrored Cabinets help you organize and keep all your daily accessories at your fingertips for quick access thanks to adjustable shelves and the wide-opening (to 170°) cabinet door. Both sides of the cabinet door are mirrored so that you can use the mirror with the door wide open. Inside the mirrored door is a convenient integrated magnifying mirror. Recessed handles let you open and close the door without leaving smudges on the mirror.

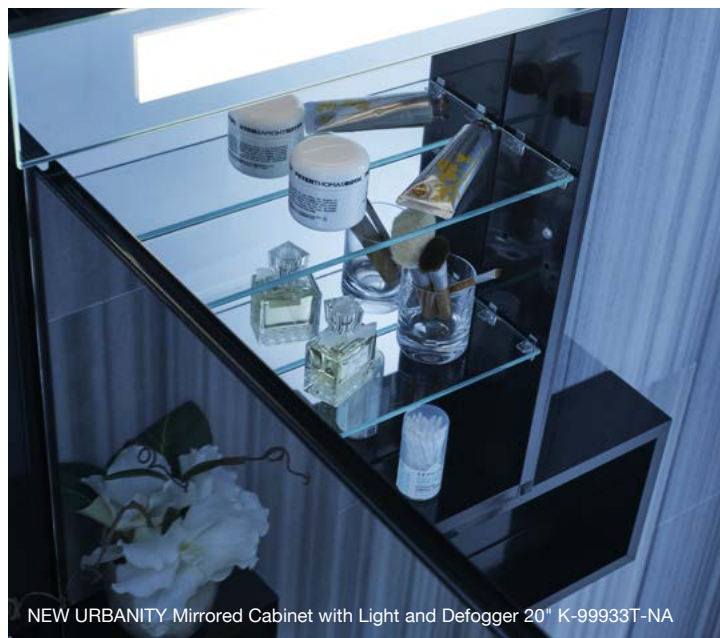

### Grooming Lighting

Integrated LED lighting transmits 3000K of even, optimally bright illumination in the truest natural color spectrum for makeup application, grooming and skin care.

## Leading the Way to Green Buildings

Working towards sustainability is an ongoing journey for Kohler, and creating water-conserving products has long been key component. We have a history of looking ahead and doing all we can to ensure the future of our community, and even our world. We honor that tradition by creating a better future. Our global sustainability goal of a net zero carbon and solid waste footprint by 2035 requires committed action right now, so we are focusing our efforts in some key areas.

## Position Sensitive Device

### PSD Technology

KOHLER PSD delivers precise targeting regardless of room brightness, clothing colors or skin tones. The product is activated once user is within the Device Activation Zone and some of the emitted sensor light is reflected back to the sensor.

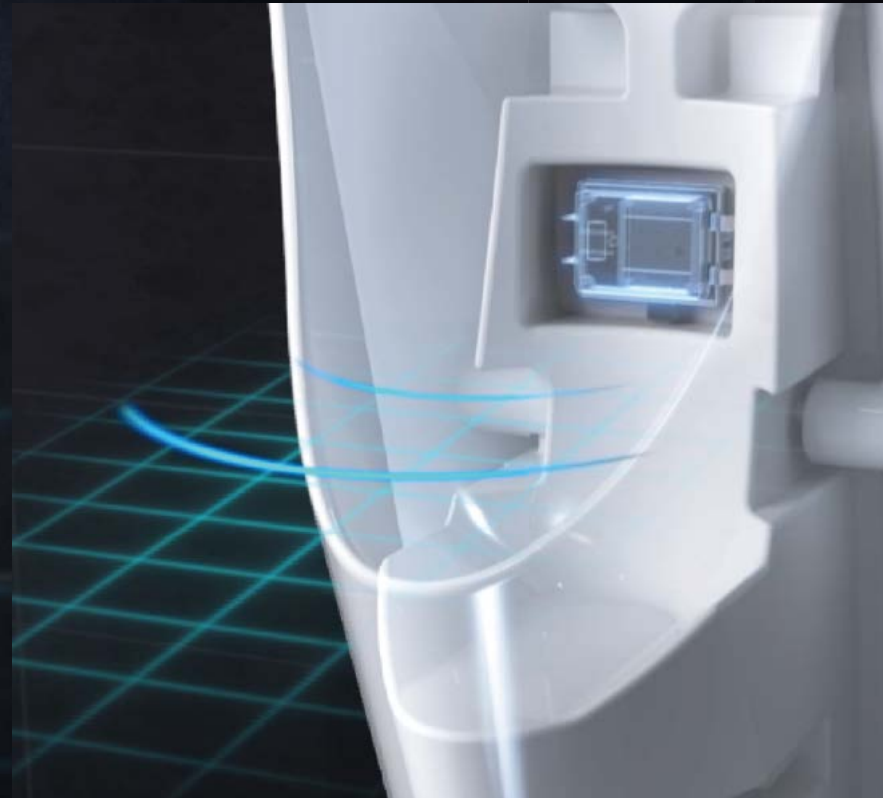

### PSD Sensor Technology

PSD is sensitive to all colors, including black, and reduces false actuation due to variations in clothing or skin color.

## Dual Sensor System

Ensures reliable and accurate flushing with a microwave sensor to detect movement of the user and a conductivity sensor to the presence of urine or other liquid.

### Microwave Sensor

Detects movement with higher accuracy compared to traditional infrared sensors, reducing false actuation.

### Conductivity Sensor

Delays flushing until it detects presence of urine or other liquid.

### Friendly to the Environment, Saves Water

KOHLER Commercial water-saving products help you address the challenging demands of customers, whether it's specifying plumbing products that help earn LEED water-efficiency points, reducing facility operating costs or accommodating the preferences of homeowners.
