KOHLER®

LIVING ON THE LEADING EDGE OF
DESIGN AND *TECHNOLOGY*

Harken™

One-Piece Toilet Class Five

KOHLER CLASS FIVE™

Class Five™ powerful flushing performance for complete hygiene.

Flushing performance and water savings are always in style, which is why Kohler Class Five technology packs a powerful punch to eliminate clogs. We never compromise when it comes to flushing performance. Why should you?

More powerful

The high-speed water flow generated by the larger flush valve and the additional water jet ensure extraordinary flushing and bulk removal performance to prevent clogging effectively.

Water saving

Eco water consumption flushing (3/4.5 l) satisfies LEED and Green Building certifications standards.

Improved hygiene

The 360-degree water flush reaches the entire inner bowl for optimized cleaning performance and hygiene.

BATHROOM FAUCETS

Why does a **KOHLER** faucet make your space so special?

The infinite creativity of KOHLER designers results in diverse faucet styles — whether trendy, classic, contemporary, or minimalist — each style boasts its own distinctive personality and dignity. We can admire their lustrous colors and Vibrant PVD finishes while enjoying the smooth, comfortable operation of European-made ceramic valves — features that make every KOHLER faucet a timeless creation.

Three-Ways Thermostatic Shower Column

SHOWER PRODUCTS

KOHLER defines the ultimate showering experience.

What makes for a great shower — is it water temperature, water flow, or the feel of water on your skin? A truly comfortable bathing experience comes from thoughtful considerations of all these aspects.

KOHLER's thermostatic valve ensures comfortable water temperature for your shower, constantly maintained at your preferred setting. Our revolutionary Catalyst™ Air technology infuses each drop with air, guaranteeing plump, soft water drops that feel like natural rain and dew on your skin. As for the water flow, you can choose from a variety of modes to customize your shower water flow just the way you like it!

SMART TOILETS

Choosing a **KOHLER** smart toilet is a declaration that details matter. And that next level innovation must be matched with unrivaled design. Every KOHLER smart toilet is born of an obsessive attention to detail, crafted to elevate a user's experience and a need to exceed expectations.

Design versatility

KOHLER delivers a wide range of smart designs to suit your unique bathroom aesthetics. Motion-activated, hands-free operation and a touchless lid and flush deliver total convenience. For unmatched cleanliness, a self-cleaning function uses powerful UV light every 24 hours and electrolyzed water to clean the wand surfaces and bowl and ensures a complete hygienic experience.
