STERLING A KOHLER. COMPANY 63-1/4" x 39-3/8" Vikrell® roll-in shower with grab bars, center drain 62060103

Technical Information

All product dimensions are nominal. Drain location: Center

Notes

Install this product according to the installation instructions.

Studs should be positioned as shown.

Backerboards and fasteners protrude beyond the back wall 1-1/2" (38 mm). If installing this product against wall board, 1-1/2" (38 mm) furring strips installed over the wall board are recommended. The stud pocket depth of 40-5/8" (1032 mm) will need to be increased by the combined thickness of the wall board and furring strips.

1/2" minimum finished floor thickness required. Drain cutout in subfloor to be 10-1/2" (267 mm) per rough-in illustration as shown to allow the backside of the drain to sit below the subfloor surface.

ADA compliant when installed to the specific requirements of these regulations.
