Notes

Install this product according to the installation instructions.

Provide one grounded electrical outlet within 24" (610 mm) of each component.

Measure your actual product for roughing-in details.

Pump service access is required.

Pump is supplied with 24" (610 mm) grounding-type plug-in cord.

Locate the outlet behind the whirlpool, and within 24" (610 mm) of the pump.

Size the drain cutout to fit the drain assembly.

Stud positioning is critical if nailing-in flanges are to be used.

Studs should be positioned roughly as shown for support clip or roofing nail installation.
