Cimarron® Comfort Height®
One-Piece, Two-Piece and Touchless Toilets

THE BOLD LOOK
OF **KOHLER®**

Cimarron® Comfort Height® Toilets

From one-piece to two-piece, from touchless to trip levers, and from round-front to elongated, the versatile design of the Cimarron Comfort Height toilet complements a range of decors and meets a variety of needs.

Smarter Power

Flushes 4x more than the average adult needs

AquaPiston® Flush

Delivers powerful flush to virtually eliminate clogs – no flappers, no leaks, no problem

Comfort Height Bowl

Taller bowl height makes sitting and standing easier

WaterSense®-labeled toilets use 20% less water than standard 1.6-gallon toilets while still meeting strict flushing performance guidelines.

AquaPiston Flush Engine

A 3:2 ratio between the AquaPiston inlet and outlet valve harnesses the force of gravity to send water rushing into the bowl from all sides – delivering maximum power.

DryLock™ Fast Install System

Featured on Cimarron two-piece toilets, the DryLock fast install system makes no-leak installations fast and foolproof – requiring only a socket wrench to secure the tank to the bowl and eliminating bolt holes drilled into the tank.

Touchless Technology

The no-touch flush means fewer germs to pick up or leave behind. (Available on Cimarron K-6418 and K-6419). Or add a Touchless flush kit (K-1954) to bring a no-touch flush to most toilets.

One-Piece Concealed Trapway

The one-piece design, concealed trapway and Clean Caps™ – our low-profile bolt caps – make it easy to keep the toilet clean. (Available only on K-3619).

SKU	Description	Tank SKU	Bowl SKU	Insuliner (-U)	Rough-In	Water Usage	Bowl Shape
One-Piece Toilets
