Betello® Comfort Height® Skirted Toilet

The contemporary skirted design of the Betello toilet makes it the perfect complement to any bathroom. And it takes toilet cleanliness to the next level with Revolution 360® swirl flush technology and optional ContinuousClean technology. At Kohler, we think about toilets so you don't have to.

ContinuousClean Self-Cleaning Technology
ContinuousClean technology with CleanCoat™ surface treatment keeps the bowl clean 5x longer,* and with the ContinuousClean XT two-tablet system, tablets last for up to a year with standard use.

*KOHLER toilet with ContinuousClean compared to KOHLER toilet without ContinuousClean. Based on consumer perception study and bacterial counts.

Revolution 360 swirl flush technology
This innovative flushing technology sends 360 degrees of water through the bowl for complete coverage that leaves nothing behind.

CleanCoat surface treatment
CleanCoat prevents bacteria, mildew, and mineral deposits from sticking to the bowl, so your toilet stays clean longer.

ReadyLock, installation system
The patented ReadyLock system doesn't require any holes to be drilled into the floor on most installations. It makes installation fast and easy.
