KOHLER® Kitchen Accessories

Simplify your everyday kitchen tasks

THE BOLD LOOK OF KOHLER®

A Leader in Kitchen and Bathroom Design

It all started with one man's vision—and a horse trough. Ten years after John Michael Kohler purchased a foundry in rural Wisconsin, he took a product in his line, heated it to 1700°F and sprinkled it with enamel powder. He then placed a picture in the center of his one-page catalog and noted, "When furnished with four legs will serve as a bathtub." Kohler was in the plumbing business.

More than 140 years later, Kohler's forward thinking and rigorous craftsmanship continue to bring innovative, beautiful design to life in residential, commercial and industrial bathrooms and kitchens across the globe.

From Numi®, our most advanced toilet, to touchless kitchen faucets, we create smart designs that simplify everyday tasks. Our kitchen accessories are no exception.
