

# Numi<sup>®</sup> 2.0

More than a smart toilet. A work of art.

**KOHLER<sup>®</sup>**

# The Future Reimagined.

Elevate your bathroom experience with the iconic Numi® 2.0 smart toilet. Distinctive in every way, it invites you to a truly personalized, multisensory experience featuring seamlessly integrated technology. Fine-tune each option to your exact preferences and discover a new era of dynamic innovation with Kohler's most advanced toilet.

Welcome to a whole new world of smart. The Numi® 2.0 smart toilet with KOHLER® Konnect is Kohler's most advanced toilet, giving you the freedom to set every detail to your personal preferences—from warm-water cleansing and a heated seat to ambient lighting and air freshening. With built-in Amazon Alexa, Numi 2.0 lets you create your ideal environment with only the sound of your voice.

The KOHLER Konnect® app lets you create personalized presets for each person in your household. Enjoy your preferred water and seat temperature, cleansing pressure, and lighting and sound ambience every time you use the bathroom. Taking clean to the next level, every element of Numi 2.0—from UV-light wand cleaning to automatic flush and hands-free opening and closing—is designed to leave you feeling refreshed and comfortable.

## Lighting and Sound

Enjoy an immersive escape with five preset colored lighting and sound scenes—each artfully crafted to provide a unique experience. Plus, you can control your own music to make your morning or evening routine even more enjoyable.

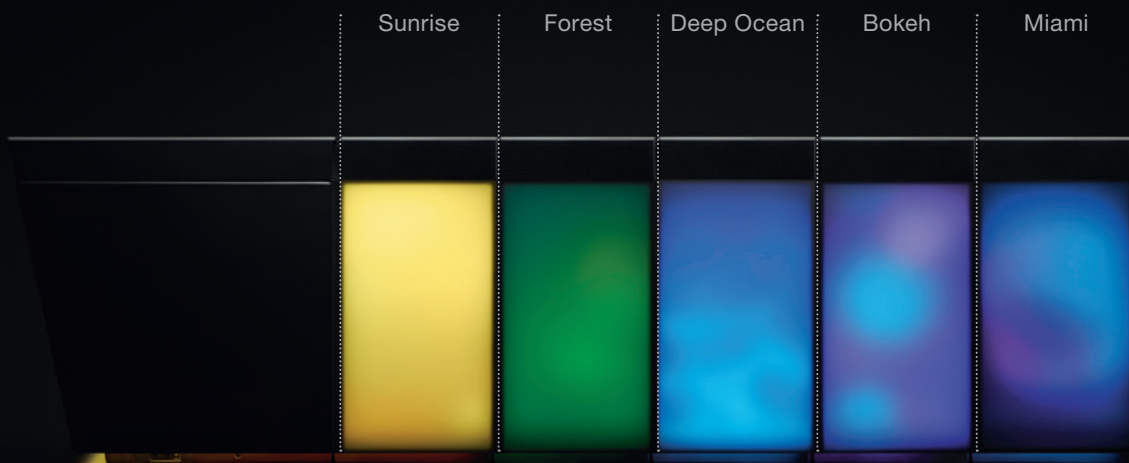

## Quality Sound

State-of-the-art, high-fidelity speakers provide premium sound to further enhance your bathroom experience.

## Lighting

## Personalized Control

- Sleek titanium remote provides control of select toilet functions for convenient operation.
- Easy-to-use KOHLER® Konnect app allows you to customize and program your preferences for a KOHLER smart home experience.\*
- Manage your calendar, check the weather, or make purchases with touch-free voice control.\*

\*The remote control will operate all functionality if voice control is not available,

## Hygiene and Clean

- Self-cleaning stainless steel wand provides a hygienic experience with UV-light and electrolyzed water cleaning.
- Bowl is automatically misted prior to use for more complete rinsing while flushing.
- Intuitive sensors activate automatic dual flushing as needed for optimal bowl cleansing.
- Touchless opening and closing of lid and seat allow for hands-free operation.

## Advanced Bidet Functionality

- Bidet functionality offers personalized settings for adjustable spray, wand position, water pressure and temperature, and pulsate and oscillate modes.
- Front and rear wash modes provide warm water for hygienic cleansing.
- Front wash feature includes multiple nozzles that create a gentle and refreshing spray.
